© 2026 Nearnity. [v2.8.2a](#) · Source-linked data on utilities, schools, parks, free clinics, events, and civic services. Every result card shows where it came from.

Internet speeds shown are typical residential max — verify exact availability with the provider. Climate-risk scores are derived from official zone classifications (FEMA NFHL, Cal Fire FHSZ, NOAA, AirNow). Each card links to the authoritative source so you can verify your parcel-level classification.
